

CITY HOUSING AMENDMENT IS GIVEN TO SENATE

Dunnigan Introduces Resolution of Reconstruction Committee.

(Special From a Staff Correspondent of The Evening World.)

ALBANY, April 12.—Senator John J. Dunnigan to-day introduced the concurrent resolution suggested by Gov. Smith's Reconstruction Committee proposing an amendment to Section 10, Article 8 of the Constitution making provision for adequate housing facilities to relieve the present congested condition.

The amendment is an addition to that part of the article which says that "No county, city, town or village shall be prevented from making provision for the aid or support of its poor," the addition being "or for adequate housing facilities for the use of and to be rented to its inhabitants."

"Of course," said the Senator, "the relief cannot come for two years, but in the mean time conditions are growing worse. I ordered plumbing work and material six months ago for a building I am putting up and received it to-day. I told the manufacturers from whom I got the supplies I intended to build several more houses, and they said they could not deliver the necessary supplies before eight months."

"It is the same way with other material, but with the city empowered to act these conditions could be altered and the necessary work of housing be speeded."

Here's where we shine!
